### Introduction

Welcome to this survey on progress in implementing UN General Assembly resolution 67/226 on the 2012 quadrennial comprehensive policy review (QCPR) of UN operational activities for development, in particular the simplification and harmonization of business practices.

The survey is part of establishing a baseline for monitoring the implementation of the QCPR resolution in regards to UN operations at the country level, particularly their coherence, relevance, effectiveness and efficiency. The results of the survey will be reported annually to the General Assembly and ECOSOC, as requested by the resolution.

The survey respondents are the Chairs of the Operations Management Teams (OMTs) in UN programme countries. Only one survey response can be accepted per country/location.

Please note that the software allows you to exit the questionnaire and reopen it later provided you use the same computer. Your answers will be saved. You can also navigate forwards and backwards within the questionnaire.

Responses and comments will be treated in strict confidence. The reporting will not contain any data or statement from which a reader can identify the source of any answer or comment.

Please note that in this questionnaire the term 'UN agencies' is used as shorthand for UN specialized agencies, UN funds and programmes, and departments of the UN Secretariat.

Please complete the questionnaire by Friday, the 26 April 2013, and click the "Exit Survey" button when you have finished it.

If you have any questions, please contact Mr. Christian Schörnich at schornich@un.org.

This survey takes approximately 30 minutes to complete. You cooperation with this important exercise is highly appreciated!

Common UN Service Centre
A service centre is a department or unit that provides business operations support services to different UN agencies, funds or programmes. Typically, a common UN service centre would specialize in any or all of the functional areas of procurement, human resources, finance, administration and ICT. Aiming at full cost recovery for the services provided, a common UN service centre allows UN agencies, funds and programmes to receive operations support services without providing these through their own departments or units.
15. Did the UNCT develop a plan for the establishment of a common UN service centre?
C Yes
C No
16. Did the UNCT establish a common UN service centre for the provision of business operations services?
(Please note that this does not refer to services provided by UNDP at cost through their Universal Price List.)
C Yes
O No
Please provide any additional comments you might have:

Common Premises
According to a UNDG definition, UN common premises is a building shared by two or three of the funds and programmes (UNDP, UNICEF, UNFPA and WFP), even though other funds and programmes can be present in the country.
A UN house is a building shared by all the four funds and programmes (UNDP, UNICEF, UNFPA and WFP).
A UN house is designated as such by the Secretary-General. Please note that for the purpose of this survey, the term 'common premises' is used for both UN common premises and UN houses.
Field offices that house projects of two or more UN agencies are not considered as common premises.
27. Did the UNCT untertake a feasibility study for establishing common premises which has been reviewed by the Task Team on Common Premises (TTCP) at headquarters level?  O Yes
○ No

Common Premises					
28. Please explain why a feasibility study has not been undertaken:					
29. Did the UN system in your country establish common premises?					
O Yes O No
