# ECOSOC Operational Activities Segment

14-16 May

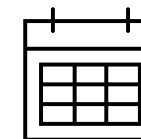

The aim of the segment will be to:

- Take stock of the implementation of the 2020 QCPR, in a myriad of country contexts.
- Facilitate Member States oversight of the Resident Coordinator system, including through dialogues on the evaluations and assessments of the implementation of the development system reforms.
- Exchange views on measures to strengthen coordinated and integrated approaches to accelerate delivery of the SDG, including through unlocking high-quality funding.
- Bolster tangible understanding of the work of the Resident Coordinator and United Nations country teams in practice and explore innovative ideas to strengthen the work in the individual country contexts.

The segment will highlight progress and challenges made by the United Nations development system, including the Resident Coordinator system, since the 2020 QCPR. It will consider key priorities and recommendations for the 2024 QCPR to guide the United Nations development system for the next quadrennium. It will review and take action on the report on the Development Coordination Office and funding and operations of the Resident Coordination system.
