## DAY 2 – Wednesday, 15 May 2024

10:00 – 11:30 am

### **3. Dialogue with UNDS Executive Heads: Unlocking transformations through integrated policy support at global, regional, and country levels**

**Objective:** *UNSDG Executive Heads will engage in a conversation on the orientation of the UN development system (UNDS) to increase delivery of integrated policy support for the SDGs, including delivery by entities not present in programme countries. Executive Heads will provide their insights on the progress made in implementing the 2020 quadrennial comprehensive policy review. This segment will help provide a stock taking opportunity on how the reforms have been implemented thus far, whilst identifying areas where more momentum may be required. High-level representatives from Member States are invited to engage in a dialogue with Executive Heads, focused on the respective priorities and constraints faced by both governments and the UN entities alike, with a view to discussing areas of common focus for improvement.*

- How are UN development system entities supporting countries to achieve the SDGs, particularly in integrated policy support, joint planning and joint programming? What are the constraints faced in making further progress?
- How are the United Nations development system entities with no physical presence contributing to the work of United Nations country teams in support of SDG acceleration? What specific constraints are they facing in this regard?
- What measures are required to help strengthen operational alignment across UN development system entities, including in terms of business models, country configurations and skillsets for the priorities enshrined in the UN Cooperation Framework?
- What specific actions are needed from Member States to support and promote such measures?

#### **Chair**

- H. E. Mr. Tarek Ladeb, Permanent Representative of Tunisia to the United Nations, Vice-President of the Economic and Social Council responsible for the operational activities for development segment

#### **Moderator**

- H.E. Mr. Ernest Rwamucyo, Permanent Representative of Rwanda to the United Nations

*Interactive Discussion (2-3 minute time limit for interventions from the floor)*

**11:30 am – 1:00 pm**

**4. Overview of evaluation and independent assessment findings and management response: Discussion on the recent evaluations, findings and actions taken**

**Objective:**

*Panellists will discuss the findings of recent evaluations and assessments on the UN development system and explore the follow up actions taken as well as those that remain outstanding. This includes recent evaluations conducted on the Resident Coordinator system. Member States will also receive an update by the Director of the System-wide Evaluation Office on the progress towards a System-wide Evaluation Plan. Participants will engage in an interactive dialogue aimed at considering how to further strengthen accountability through the system-wide evaluation function to better deliver for countries in the next quadrennial cycle.*

**Guiding questions**

- *How can monitoring and evaluation activities across the United Nations development system enhance learning and accountability over the next QCPR cycle?*
- *What are the overarching findings and recommendations of the evaluations carried out so far of the UNDS and the RC system following the reforms?*
- *What key system-wide actions have been taken so far in response to these recommendations?*
- *How does the establishment of the system-wide evaluation function contribute to this work?*
- *How can Member States support the UNDS and the RC system in ensuring effective follow-up to the recommendations of these evaluations?*

**Chair**

- H. E. Mr. Tarek Ladeb, Permanent Representative of Tunisia to the United Nations, Vice-President of the Economic and Social Council responsible for the operational activities for development segment

**Moderator**

Segment

14-16 May 2024

*Interactive Discussion (2-3 minute time limit for interventions from the floor)*

**3:00 – 5:00 pm**

## **5. Tailoring support to each specific country: Dialogue with Host Governments, RCs and UNCTs**

**Objective:** *This session will discuss how the United Nations development system is working together to provide tailored policy advice and technical support on SDG acceleration to countries based on their specific circumstances. Looking ahead to the 2024 QCPR, panellists will discuss the type of measures required to bridge SDGs gaps in different country settings.*

### **Guiding questions:**

- *How does the United Nations development system provide tailored policy advice and technical support to countries to accelerate SDG implementation based on their specific circumstances? How have policy advisory and support functions evolved since the reforms and over the past QCPR cycles?*
- *What is missing in the current set-up to ensure the best support possible to host governments? What are the challenges that UN entities and national Governments experience?*
- *How have country teams focused their work on the areas where most urgent transitions are needed?*
- *How have the four engine rooms enabled country teams to scale up development services to enhance national capacities, convene partners, strengthen policy and regulatory environments and arrange a financing mix to better deliver on the SDGs?*
- *In view of the 2024 QCPR, how can Member States facilitate UNDS delivery in line with their needs and expectations?*

### **Chair**

**5:00 – 6:00 pm**

## **6. UNDS efforts in implementing system-wide policies (UN system-wide action plans on gender mainstreaming, youth, and for disability inclusion)**

**Objective:** *This session will brief Member States on UN development system’s progress in implementing the UN system-wide action plans on gender mainstreaming, youth and for disability to support countries in delivering on their commitment to leave no one behind. It will showcase how the UN development system has been enhancing its coherence and coordination to mainstream gender, youth and disability rights across its work, highlighting joint programmatic work in these areas to support countries’ achievement of the SDGs. Panellists will reflect on the challenges encountered and ways to overcome them in integrating gender equality, youth and disability inclusion in UN development system’s work and how Member States can support these efforts.*

- What challenges have the UN development system encountered in supporting countries to integrate gender equality, youth, and disability inclusion in national policy?
- How has the UN development system progressed in implementing the UN system-wide action plans on mainstreaming gender, youth, and disability inclusion?
- How has the system scaled up capacity to prevent sexual exploitation and abuse?
- What joint programmatic initiatives have been undertaken by the UN development system to support countries in the areas of gender equality, youth, and disability inclusion? What role has the RC system played in facilitating the UN development system in this regard?

### **Chair**

## DAY 3 – Thursday, 16 May 2024

**10:00 – 11:30 am**

### ***7. Means of Implementation: digital cooperation, STI, and capacity building for national efforts to advance the SDGs***

**Objective:** *This session will explore UN development system’s efforts to scale the development of “engine room” capacities to realize the SDGs. It will review the UN development system’s progress in:*

- *enhancing system-wide coherence, coordination, and partnerships to support countries to fully leverage digital cooperation and science, technology, and innovation (STI)*
- *contributing to national capacity building, the session will emphasize the UN development system’s role in digital cooperation and will discuss how the UN development system can better support countries in their digital transformation. Recognizing capacity building as the engine room for sustainable development, this session will also highlight examples of work undertaken by the UN development system that is contributing to capacity development at the country level as well as challenges encountered and measures to overcome them.*

#### **Guiding questions:**

- Why are digital cooperation and science, technology, and innovation (STI) critical aspects to accelerate the SDGs? How can the UN development system enhance its coordination and partnerships to effectively support countries in leveraging their potential while bridging gaps in the countries furthest behind?
- What are some successful examples of capacity building initiatives undertaken by the UN development system at the country level to promote digital transformation and support sustainable development? What was their impact on SDG acceleration? How can these initiatives be scaled up and replicated in other contexts?
- How can the UN development system and Member States alike better support the advancement of digital cooperation and STI initiatives in different country contexts?

**ECOSOC**   
Operational Activities  
Segment

14-16 May 2024

***Interactive Discussion (2-3 minute time limit for interventions from the floor)***

**11:30 am – 1:00 pm**

***8. Means of implementation: financing the SDGs: Development financing priorities that can have a catalyzing effect to achieve system-wide results in the 2030 Agenda implementation***

***Objective:*** Member States will engage in an interactive dialogue to identify critical financing areas that require better guidance and policy orientation in the upcoming QCPR. Panellists will outline key financing priorities that have the potential to drive system-wide SDG financing, while identifying the remaining barriers. Discussions will focus on the Integrated National Financing Framework (INFF), an important framework for financing sustainable development priorities and the SDGs at the country level. The discussion will explore the remaining challenges and barriers that impede the implementation and effectiveness of INFFs. Moreover, panellists will update on partnerships with international financial institutions (IFIs) to mobilize financing for sustainable development.

- How does the UN development system leverage support to Member States in achieving sustainable financing for development aligned with their national priorities to drive SDG acceleration?
- Which innovative financial instruments have helped Member States to mobilize private investments to secure sustainable financing pathways for the SDGs?
- What role does the Integrated National Financing Framework (INFF) play in financing sustainable development priorities and achieving the SDGs at the country level, and what are the main challenges and barriers hindering its effectiveness and implementation?
- How can collaboration between International Financial Institution, the UNDS, and Member States respectively be improved to scale up investments for national sustainable development priorities? What more can each actor do in their respective capacities to this end? How do these partnerships contribute to overcoming financing challenges?

### **10. Accountability and oversight provided by ECOSOC: Dialogue with Member States on the existing accountability and oversight functions provided by ECOSOC OAS and opportunities for strengthening**

**Objective:** *This session will allow Member States to engage in an exchange on whether the Operational Activities Segment of ECOSOC is fulfilling the expectations of Member States in providing an accountability platform for system-wide performance and results of the UN development system, in supporting countries.. Member States are invited to explore whether the Segment can improve its provision of system-wide oversight, and coordination to the governing bodies of the United Nations development system and the Resident Coordinator system. The discussion could identify actions to be taken to improve the Council’s capacity to fulfil its oversight and accountability role and coordinate system-wide reporting by entities and actions for follow-up. Member States will also consider how to improve the Council’s ability to engage in dialogue with and participation from representatives and participants from the field.*

#### **Guiding questions**

**ECOSOC**  
Operational Activities  
Segment

14-16 May 2024

- *What actions could Member States take to improve their system-wide oversight and coordination across governing bodies of the UN development system?*
