

Integration Dialogue 2

Building back better towards inclusive, sustainable, and just economies for recovery: Re-designing the contract between people and planet

3 June 2021

Closing Remarks by

H.E. Mr. Juan Sandoval Mendiolea, Deputy Permanent Representative of Mexico to the United Nations, Vice-President of the Economic and Social Council

Excellencies,

Distinguished Panelists, Delegates and Participants,

I would like to thank our lead entity ILO and our moderator, Mr. Volker Turk, our distinguished panelists and all of you for participating virtually in the Integration Dialogue today.

While we cannot do justice to summarize the rich contributions we heard today, we will try to compile the key policy options for integrated solutions to build back better towards inclusive, sustainable and just economies. This will inform the deliberations at the Integration Segment, and I will be presenting the key message of the Integration Segment at the opening of the HLPF on 6 July.

I invite you to join us at the third and last Integration Dialogue on *“Human well-being and capabilities: Building back more resilient, healthy, equitable and sustainable societies”* on 10 June 2021. This dialogue will also address major dimensions of the new social contract proposed by the Secretary-General

I thank you.
