DECLARATION AT THE NATIONAL, REGIONAL AND INTERNATIONAL LEVELS
FOR JOINT COMMITMENTS TO ADDRESS AND COUNTER**

THEMATIC DISCUSSIONS

**Addressing the challenges identified in the Declaration,
through the implementation of the provisions and recommendations
contained in the three policy documents**

Autumn 2021

- that increasing links between drug trafficking, corruption and other forms of organized crime, including trafficking in persons, trafficking in firearms, cybercrime and money-laundering and, in some cases, terrorism, including money-laundering in connection with the financing of terrorism, are observed;
- that the value of confiscated proceeds of crime related to money -laundering arising from drug trafficking at the global level remains low;
- that the criminal misuse of information and communications technologies for illicit drug -related activities is increasing;

CND UNITED NATIONS COMMISSION ON NARCOTIC DRUGS

POLICYMAKING BODY OF THE UNITED NATIONS SYSTEM WITH PRIME RESPONSIBILITY FOR DRUG-RELATED MATTERS

The Commission on Narcotic Drugs (CND) was established by Economic and Social Council (ECOSOC) [resolution 9\(I\)](#) in 1946, to assist the ECOSOC in supervising the application of the international drug control treaties. In 1991, the [General Assembly \(GA\)](#) expanded the mandate of the CND to enable it to function as the governing body of the [UNODC](#). ECOSOC [resolution 1999/30](#) requested the CND to structure its agenda with two distinct segments: a normative segment for discharging [treaty-based and normative functions](#); and an operational segment for exercising the role as the governing body of UNODC.

The CND meets annually when it considers and adopts a range of decisions and resolutions. Intersessional meetings of the CND are regularly convened to provide policy guidance to UNODC. Towards the end of each year, the CND meets at a reconvened session to consider budgetary and administrative matters as the governing body of the United Nations drug programme.

At the [ministerial segment](#) of its 62nd session in 2019, the Commission adopted the [2019 Ministerial Declaration](#) on strengthening actions at the national, regional and international levels to accelerate the implementation of joint commitments made to jointly address and counter the world drug problem. In the Declaration, Member States resolved to review in the Commission in 2029 the progress made in implementing the policy commitments, with a mid-term review in 2024. The Commission works on the [follow-up to the 2019 Ministerial Declaration](#), with a view to accelerating the implementation of all international drug policy commitments.
