

Australia's interventions from the floor

Day One, Session Two: Dialogue with Executive Heads of UN Funds, Programmes and Specialized Agencies Functions and Capacities to improve the UNDS collective support to the implementation of the 2030 Agenda

Key points:

- First to thank to the leadership and to all the hard working staff in the field and at headquarters, we will deliver our formal statement tomorrow but would like to ask two questions to focus on better results:
 - Question re the views of the panel on links between ECOSOC and future accountability of this session and reforms on the RC system and transparency and results. How are the leadership thinking about this? One could imagine an interface similar to that of the MPTF for example – to allow a better understanding of changes and monitoring of progress and understanding what differentiated country presence looks like in real time, how the UN Funds and Programs are delivering on their mandates and better unlock finance based on evidence and information
 - Questions on how the new UNDAF guidance is being integrated into UNDAFs currently being discussed – for example the Pacific
