

Measuring the UN contribution towards the SDGs: Overview of key results on the UN contribution to advance the SDGs, including through the socioeconomic response to COVID-19

The results included in this document represent a snapshot based on available data of how UNSDG members contributed to SDG results at country level in 2021, including to advance the COVID-19 socioeconomic response at the country level.

System-wide results on the SDGs are organized along thematic areas aligned to the Goals. The results of the socioeconomic response to the pandemic are organized according to the five pillars of the UN Framework for the immediate response to COVID-19.

Data on system-wide contributions to the advancement of the SDGs include inputs received from the following UN entities: DESA, DPPA/PBSO, ECA, ECLAC, ESCAP, ESCWA, FAO, ILO, IOM, ITC, ITU, OHCHR, UNCTAD, UNDP, UNECE, UNEP, UNESCO, UNFPA, UN-HABITAT, UNHCR, UNICEF, UNIDO, UNODC, UNRWA, UN Women, WHO and WMO. Other UN entities were unable to provide relevant reporting for 2021 within the deadline, often due to differing internal reporting deadlines.

The following UN entities contributed results via UN INFO on the socio-economic response to the pandemic in 2021: ECLAC, ESCWA, FAO, IFAD, ILO, IOM, ITC, ITU, OHCHR, UNAIDS, UNCDF, UNDP, UNESCO, UNFPA, UN-HABITAT, UNHCR, UNICEF, UNIDO, UNODC, UNOPS, UNRWA, UNWomen, WFP, and WHO. Global reporting on these indicators concluded at the end of 2021, as the socioeconomic response to COVID-19 has been folded into Cooperation Frameworks as of 2022.
