STATISTICAL COMMISSION
Sixteenth session
Item 15 (a) of the provisional agenda

DEMOGRAPHIC AND HOUSING STATISTICS

PRINCIPLES AND RECOMMENDATIONS FOR A VITAL STATISTICS SYSTEM

Report of the Secretary-General

INTRODUCTION

1. This annex to document E/CN.3/411 contains the illustrative sketch outlines of the suggested basic annual programme for the tabulation of live births, deaths, foetal deaths, marriages and divorces set forth in paragraph 284a of document E/CN.3/411.

2. In the final version of the Principles and Recommendations for a Vital Statistics System, the illustrative sketches will be inserted following each relevant tabulation specification in paragraph 284a. It will be emphasized that the sketches are illustrative only and that they are in no sense recommended formats for the tabulation because these will depend on many other factors.

3. The following list gives the title of each tabulation in order to facilitate a summary appraisal of the scope of the programme.
