

1996/307. Duration of future sessions of the Committee on Natural Resources

At its 50th plenary meeting, on 25 July 1996, the Economic and Social Council, on the recommendation of the Committee on Natural Resources, decided that the duration of future sessions of the Committee should be eight working days, beginning at its fourth session, in 1998, subject to any changes that might be required, taking into account the review of the role and working methods of the Committee and its relationship with other bodies in the context of the implementation of General Assembly resolution 50/227.
