

**1993/38. Measures to prevent substances listed in Schedules III and IV of the Convention on Psychotropic Substances of 1971 from being diverted from international trade into illicit channels**

*The Economic and Social Council,*

*Alarmed by the continuing diversion of large quantities of substances listed in Schedules III and IV of the Convention on Psychotropic Substances of 1971<sup>109</sup> from licit manufacture and trade into illicit channels,*

*Recalling targets 8 and 10 of the Comprehensive Multi-disciplinary Outline of Future Activities in Drug Abuse Control,<sup>104</sup>*

*Recognizing that action to prevent such diversion requires a global response by exporting, transit and importing States,*

*Bearing in mind the Political Declaration and Global Programme of Action adopted by the General Assembly at its seventeenth special session,<sup>90</sup> particularly the paragraphs on control of supply of narcotic drugs and psychotropic substances,*

*Reiterating its request, contained in its resolutions 1985/15 of 28 May 1985 and 1987/30 of 26 May 1987, to all Governments, to the extent possible, voluntarily to extend the system of import and export authorizations provided for in article 12, paragraph 1, of the Convention to*

*cover international trade in substances listed in Schedules III and IV,*

*Reiterating its invitation, contained in its resolution 1991/44 of 21 June 1991, to all Governments to extend the system of voluntary assessments of annual medical and scientific requirements for substances listed in Schedule II to include also substances listed in Schedules III and IV of the Convention,*

*Taking note with satisfaction of the recommendations of the Conference on Control of International Trade in Psychotropic Substances, held at Strasbourg, France, from 3 to 5 March 1993, which was organized jointly by the International Narcotics Control Board and the Pompidou Group of the Council of Europe,*

*Having considered the report of the International Narcotics Control Board for 1992,<sup>107</sup> in particular paragraph 59, concerning the successful operation of the system of import and export authorizations and the simplified estimate system with regard to substances listed in Schedule II of the Convention,*

*Noting with satisfaction that more than ninety Governments have already communicated to the International Narcotics Control Board their assessments of annual medical and scientific requirements for substances listed in Schedules III and IV of the Convention, and that those assessments have been published by the Board with a view to providing guidance for manufacture and export,*

1. *Invites* all Governments that have not yet done so to accede to the Convention on Psychotropic Substances of 1971;

2. *Also invites* all Governments that have not yet done so to communicate to the International Narcotics Control Board their assessments of annual medical and scientific requirements for substances listed in Schedules III and IV of the Convention;

3. *Invites* importing States to take more frequent advantage of the provisions of article 13 of the Convention to prohibit the import of psychotropic substances not needed for legitimate use but frequently diverted into illicit channels;

4. *Calls upon* all Governments that do not yet control exports of all substances listed in Schedules III and IV of the Convention by using the system of export authorizations to urgently consider the establishment of such a system;

5. *Calls upon* all Governments for which the control of exports of substances listed in Schedules III and IV of the Convention using the system of export authorizations is not immediately feasible to utilize, in the meantime, other mechanisms, such as the system of pre-export declarations, to ensure that exports of psychotropic substances are in line with the assessments of importing States and that other control requirements in importing States such as import prohibitions under article 13 of the Convention and import authorization requirements are respected;

6. *Invites* all Governments to exercise continuing vigilance to ensure that operations of brokers and transit operators are not used for the diversion of psychotropic substances into illicit channels;

7. *Calls upon* Governments of States with experienced national drug control administrations and the United Nations International Drug Control Programme to provide support such as training and information systems to States that require assistance in establishing effective control

mechanisms for international trade in psychotropic substances;

8. *Requests* the Secretary-General to transmit the present resolution to all Governments and to invite them to bring it to the attention of their competent authorities in order to ensure the implementation of its provisions.

*43rd plenary meeting  
27 July 1993*
